A successful day in the duck marsh is the result of proper preparation, good equipment, experience, luck, and plenty of ducks in the sky. No waterfowler's bag of tricks is complete without a **membership to Ducks Unlimited**, because DU is helping fill the skies with ducks and geese. Since 1937, DU has been conserving our best waterfowl habitats across North America—more than 10 million acres to date.

Don't go afield without your best friends. **Join Ducks Unlimited today.** Call 800-45-DUCKS or visit DU's Website at www.ducks.org to see how you can help.
