

# Your Most Important Automotive Accessory

You see it everywhere these days. On vehicles of every description across North America. But do you know what's behind Ducks Unlimited's ubiquitous duckhead logo? More than 10 million acres of wetlands and other wildlife habitats.

Since 1937, DU has been **restoring, protecting, and managing** habitats for ducks and geese in the places where they need it most. Showing your support of Ducks Unlimited means **you're showing support** for the conservation of our most productive wildlife habitats.

Help drive the most effective conservation effort in history. **Join Ducks Unlimited today.** Call **800-45-DUCKS** or visit DU's Web site at **[www.ducks.org](http://www.ducks.org)** to see how you can help.
